LODGING OWNERS  
ASSOCIATION

### **Zoning Commission Meeting – STR Regulations Final Draft Proposal Scheduled this Thursday, February 12 at 2:00 PM**

The Hocking County Zoning Commission is scheduled to meet on Thursday, February 12 at 2:00 PM in the Hocking County Commissioners' Meeting Room. At the 1/29/2026 zoning meeting, the commission announced its intent to present the final version of the proposed STR regulations to the Hocking County Commissioners.

Throughout this process, HHLOA has:

- Promoted a collaborative working relationship
- Met every request made of us as a group
- Provided numerous industry-recognized recommendations
- Offered reasonable solutions from local STR owners
- Shared feedback from industry and legal experts

Members are encouraged to review the final draft and determine whether the commission has meaningfully considered industry input.

As previously stated by the zoning commission, this is a public meeting, and business owners are welcome to attend if they have questions or comments. This may be an important opportunity for concerned STR owners to be present, hear the discussion, and raise any issues before the commission forwards the proposal to the county commissioners for potential adoption.

Thank you,
